____ OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the manner of use and place of use of a portion of the waters of the Truckee River as heretofore granted under Claim 623, Truckee River Final Decree is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The issuance of this permit fully abrogates 24.97 acre-feet per season associated with the 5.549 acres under Truckee River Claim 623 as described in the existing place of use.

The issuance of this permit is for the consumptive use portion only, being 2.5 acre-feet per acre of the base right. The remaining portion of the base right will remain in the river for use by other decreed right holders.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.278 cubic feet per second, but not to exceed 13.87 acre-feet as decreed.

Work must be prosecuted with reasonable diligence and be completed on or before:
